

Friends' School  
SAFFRON WALDEN

Name: \_\_\_\_\_

## Year 9 GCSE Options

In Year 10 all students will follow a course of English, Maths and Science that will lead to GCSE level. In addition you will have Games, PE, and PSHE lessons which will not lead to a qualification and a Religious Studies course which could lead to a short course GCSE qualification or a full GCSE qualification.

In addition to the core curriculum all GCSE students are normally expected to choose four subjects plus one reserve choice from the following list. A broad and balanced curriculum is strongly recommended for most students and would normally consist of a modern foreign language, an arts subject, a humanities subject and a technology subject.

**Please circle five subjects and mark them in order of preference from 1-5.**

Art and Design

DT : Food Technology

DT : Product Design

Drama

ESOL (not GCSE)

French

Geography

German

History

ICT

Music

Physical Education

Separate Sciences

**Please return to William Mullen by Friday March 20<sup>th</sup> at the latest.**
